

# ENTROPY

By tradition, all the lots will be introduced by title only. Contributing artists *will* be listed on our website and in press releases, but *will* not be revealed in connection to the works until the sale is final. By keeping the auctioned work anonymous we aim to take pressure off the authors, giving the works the opportunity to stand on their own.

**\* To submit an artwork please send us a reproduction in PDF format or a 300 dpi JPG to [submit@deaddarlings.nl](mailto:submit@deaddarlings.nl) along with the following information:**

## A FEW GUIDELINES & PRACTICAL ISSUES:

- Only one submission per artist.
- Send us a reproduction of your work together with this completed form!
- Along with the description of your work we require a text containing the reason(s) you consider this work a *Dead Darling* and how it is relevant to the theme of "Entropy".
- Note that the FINAL deadline to submit is the 30th of April 2017.
- Please note that a selection process will take place. Each submitted work will be considered on both its artistic quality and relevance to the concept.
- Selected artists will be notified via e-mail before the 15th of May with further details about transport and other issues.
- The starting price of your work is your decision. Choose any price you feel comfortable with; however we advise low starting prices (under 50 €).
- The proceeds of this auction go to a very worthy charity: you. Every artist will get 70% of the selling price. Since there will be no added tariffs for the buyers, the rest will go towards the auction's production costs.

We are excited about receiving your submission!
